

Dawson puts patrons at ease

By MONA SLOAN

For The Salinas Californian

As assistant manager of Pacific Breeze Dry Hydro-massage and Tanning Salon in north Salinas, Debbie Dawson said her favorite part of her job is knowing customers leave the salon feeling relaxed.

"I really enjoy interacting with our customers," said Dawson. "I've seen firsthand how the (shop's) dry hydro-massage beds help people with chronic pain, even people that are recovering from car accidents. It's not about vanity, it's about feeling better."

Debbie Dawson

She has worked with Pacific Breeze for almost two years. Dawson said she also enjoys giving mini facials and spa parties, which she said have become increasingly popular.

As the mother of three grown children and grandmother to four, she doesn't have to worry about staying busy.

"My children are a big part of my life," Dawson said. "I enjoy spending as much time as I can with my grandchildren and helping out at my church. I belong to Alisal Baptist Church and have made a lot of friends over the years."
